

NEW MODERN NURSERY (Take A Look) —

Shown above is a portion of the new nursery at the hospital which includes ten new, modern bassinets, a couple of which are shown. Each bassinet is an isolated unit. Full care can be given to a baby without her or his leaving his home grounds. In the background can be seen a door that leads to a private room for a really ill baby.

New Hospital Wing Officially Opened On Wed., June 12

The new addition to the Didsbury hospital was officially opened on Wednesday, June 12th at 2:00 p.m. Due to inclement weather the ceremonies were held in the newly renovated waiting room.

Mr. A. E. Ford, chairman of the hospital board, acted as master of ceremonies and introduced Mr. E. E. Maxwell, supervisor of Municipal Hospitals, who gave a short address. Mr. G. Boyak, chairman of the Calgary Rural Municipal Hospital District, expressed appreciation to the Didsbury Hospital District for services given to patients in his area. Mayor H. Lynch-Staunton and Mr. Thomas Morris spoke briefly.

Mr. Ford, in his closing remarks, expressed thanks to the matron, Mrs. V. L. Turner, the medical staff and nursing staff and aides for their services to the hospital.

Rev. T. J. Stainton then gave the dedicatory address and prayer. Mrs. Turner, matron, officially opened the new wing by cutting the ribbon.

Approximately 700 guests signed the guest book, presided over by Mrs. W. M. Harvey and Mrs. A. T. Thompson and then were shown through the new, modern wing.

In addition to previously acknowledged donations, thanks go to: The Didsbury Girl Guides for setting up the nursery and making bassinets; the I.O.D.E. for the serving of tea; the Westcott W.I. for a gift of washcloths; and the following for flowers: Mrs. P. A. Bird, J. V. Beresh and Sons, Mr. and Mrs. F. Laur, Mac's Hardware, Mr. Penery of Pfizer Drugs, Mr. R. G. Banks of Ingram & Bell, Mr. M. Shyba of Standard Surgical Supply, Gooder Bros. Northwest Fabrics, Northwest Wholesale Furniture. Also thanks to Glenbow Construction Co. for the clock for the new nurses station. Sincere thanks also go to Mr. and Mrs. R. K. Francis of Carstairs for furnishing private ward No. 14.

Women's Associations To Hold Joint Rally

A joint W.M.S. and W.A. Rally of the southern part of Red Deer Women's Association of the United Church will be held in Knox United Church, Didsbury, on June 21.

Registration at 10 a.m.; pot luck lunch at 12 p.m. The afternoon session will begin at 1:30 p.m.

Speakers will be Mrs. Eger, provincial president of the W.A.; Mrs. Black of Calgary and Mrs. Eastes of Ponoka. All ladies of the congregation are cordially invited to attend.

Baseball Game Ends At 7-7

Didsbury's entry in the Rosebud Baseball League played to a 7-7 tie with Carstairs on Tuesday night. The game was called on account of darkness.

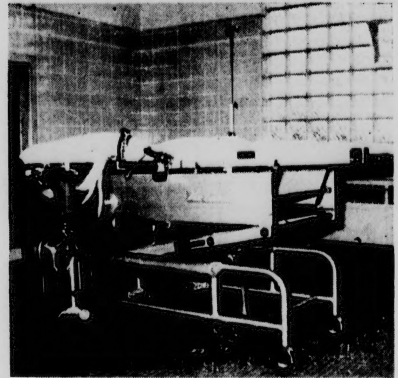

Don Irwin went the distance on the mound for the locals, striking out 13 of the batters he faced. Ronnie Paas also covered the full game for Carstairs and saw eight opponents go down swinging.

A feature of the game was Fred Rodway's inside the park home run. With men on second and third, Fred trapped a short one — in the ensuing scramble two errors were chalked up against Carstairs and Fred just ambled around behind his mates to score what will probably go into the record books as the shortest home run of the season.

Those lining up on the Didsbury squad included Lloyd Devine, Fred Rodway, Alex Pratt, Harold Krebs, Blaine Fulkert, Rolly Poulin, Ross Kimm, Mervin McMartin, Stan Schumacher.

NEW CASE ROOM (Take A Look) —

Shown above is the new case room with the new, modern touch. The table is new, there are ceramic tile walls, tile floors for easy cleaning, and it's ventilated to keep you at the right temperature when you have to hit the deck. Seems like it's going to be a luxury next time we visit this spot.

Mountain View W.I. Choose Delegate

The regular meeting of Mountain View W.I. was held June 11th at the home of Mrs. Ed Stiles, with 11 members and one visitor present. This meeting was one week early to set the papers handed in and select a delegate for the constituency conference. Mrs. A. Gebers was chosen as delegate.

Two ladies were appointed to attend Farm Women's Week at Olds; they are Mrs. Wm. McCoy and Mrs. Max Wood.

Mrs. B. A. Atkinson gave a very good paper on Canadian Industries. Her topic was the iron ore plant at Steep Creek. This is very necessary, as it is used in our tractors and on down to the common pin.

Mrs. L. Hunter gave a very interesting and educational paper on citizenship. She read those present the exam or questionnaire required to be answered if one wishes to become a citizen and also a citizen as a community member.

Mrs. R. Hamper and Mrs. Jas. Worrall gave a very interesting report from the biennial convention held in Edmonton.

Mrs. Jas. Worrall kindly accepted to carry on as president for the remainder of the year.

A donation of \$3.00 was sent to the Arthritis Fund. Roll call was answered with "leaves for a bridal shower."

The draw netted \$1.10 and was won by Mrs. Jas. Worrall. Mrs. Max Wood won third place in the contest for her luncheon cloth at Edmonton.

MELVIN INSTITUTE PLAN TOUR OF CALGARY

The regular meeting of Melvin W.I. was held at the home of Mrs. Eric Gooding on June 11th, when a quilt was quilted.

Fourteen members were present to hear Mrs. Vance Shields report on the conference held in Edmonton. Mrs. Ray Shantz chose an article on the cost of drugs for her topic and Mrs. Glen Roberts had the short topic.

Instead of a meeting in July members will go on a tour of Calgary. Mrs. Collins and George, Mr. and Mrs. Bill Collins spent a couple of days this week in Red Deer. Bill was a delegate to a milk producers' convention.

Mrs. Lloyd Kershaw and Marion called on Mr. and Mrs. Chamberlain Sr. on Sunday.

Ladies' Softball Team Winning ! !

The Didsbury ladies' softball team has scored two wins out of three games played to date. On June 4th they travelled to Cremona and whipped the home team to the tune of 39-11. In a return game on June 11 the locals again came out on top by a 24-9 count.

However, the spell was broken on Monday night in Innisfail when the northerners came out on the long end of a 30-9 score.

The team will see action again in Didsbury on Sunday night at 4:30 p.m., with a Calgary team supplying the opposition. Didsbury expects to be playing against Innisfail on Monday evening, to gain a bit of revenue for their only defeat so far.

Didsbury line-up includes: Shirley Landsiedel, Bernice Befus, Ellen Dargdale, Alice Phillips, Vera Shurick, Doreen Ray, Carol Ray, Gwen Brado, Velma McMartin, Sylvia Sawatzky, Ruby Dargdale, Mary Gossen and Ruth Burgess. Coach of the club is Howard Althorn, with Bob Douglas giving a big assist.

I.O.D.E. Enjoy Smorgasbord

At the final meeting for the season 32 members of Mons Chapter, I.O.D.E., enjoyed a delicious smorgasbord, prepared by the ladies of the Lutheran Church.

Prior to the business meeting, members bid good-bye to a faithful worker, Mrs. Raymond Asquith. She was presented with a sterling silver coffee spoon with crest.

The speaker for the evening during the business session was Mrs. Arthur Waldrorf of Hartmann. She ably explained the purpose and aims of Civil Defence and cited the town of Mercoeur as an example of what can be accomplished through organized civil defence tactics when evacuation is imperative.

The evening was brought to a conclusion with a carnival. Mrs. Jack Shannon was in charge of arrangements. Original hats were made and worn by members. Mrs. Bryan Johnson's chapeau was made of Mons' favorite food, the lovely hot dog. This model took first prize. Miss Margaret Hanson's hat-on-basket took second prize.

Carnival prizes for the various competitions went to Miss Margaret Hanson and Mrs. Roy McArthur.

The evening was a highly successful conclusion to a busy year.

HELPING TO BUILD A BETTER ALBERTA

Council Lowers Tax Rate 13 Mills ---- Rate 75 Mills

Don't be misled too much by the above heading; the following article appeared in the July 9th, 1954 issue of The Didsbury Pioneer. We quote:

The town council held its regular meeting on Monday night. Mayor Chambers, Couns. Clemens, Reber, Liesemer, Fisher, Sec. Austin and Solicitor Freeman being present.

The usual routine was disposed of and the estimates for the year taken up. Councillor Liesemer, chairman of public work committee, that their appropriation was hardly high enough to do all the repairing to sidewalks that was needed but he was doing his best to keep within his appropriation and satisfy the ratepayers.

The discussion relative to sidewalks in general and the methods taken in repairing same, was discussed and it was decided that no cement walks should be laid this year and that the cinder walk pro-

gram on some streets would be continued.

The estimates were then passed and the total amount required to carry on was reported as being \$27,000. Of this amount \$13,000 is for School Board purposes.

The tax rate to meet the above amount was set at 75 mills, being thirteen mills less than last year.

The Council also decided that a mechanical stoker be installed at the power house and half the purchase and installation will be paid out of the estimates this year. Owners of dogs in the town will have to come through with their dog licences by July 15th or suffer the penalties of a \$50 fine for harboring or owning one of these canine pets, according to the decision of the Council to rigidly enforce the bylaw covering same.

The Council then adjourned after a strenuous evening's work."

Still quoting from the ancient

The Spirit Wrestlers . . .

What's to be done about the Doukhobors, asks The Financial Post?

There's everything to be said for variety and color in the national life. When the spirit-wrestlers put on nude parades in prairie towns in the early 1900's, unhappily exciting more laughter than just among the bystanders, their fellow-Canadians thought this was maybe an odd way of expressing dissent in a cold climate but, all the same, tolerable, because the nudes, when clothed, were industrious and peaceful.

Nowadays the Doukhobors prefer burning down schoolhouses, a costly type of protest. Though living members of the sect must be second, third or fourth generation Canadians, they still feel "persuaded" when authority objects to these proceedings. Now they want to go to the Soviet Union, from which their ancestors fled to escape Russian persecution, and the Muscovites are reported to be interested.

Should Canada protect them against their own ignorance?

Issue we like the article that is headed—

THE TOWN'S YOURS

Tell us not in mournful numbers that this town's on the bum; rouse up from your peaceful slumbers; get out and make things hum. If we go to work in earnest we can make things hit on high; "dust thou art, to dust returnest," is a song of by and by.

All the past is done forever — you can't call one moment back — and the future may come never, this is true, so help me Mack.

Now's the time to do your boosting, do not wait tomorrow's dawn, in the grave you may be roosting, all your boosting chances gone.

Lay aside your little hammer, grab a horn and toot a few; squelch the daddled hamster with a joyful blast or two.

This old town is sure a pippin', and we ought to boost it big, when we hear some growler yippin' we should smile him on the wig.

Mighty oaks that grow and flourish came from acorns plain and small; with your boosting you may nourish something that may help us all; something that may prove a blessing to the toiling sons of men — that's the point that I am stressing — boost and boost, then boost again.

People love the smiling booster, and for him they loudly cheer, but they hate the knocking rooster, long to pelt him on the ear.

Boost your country and your business, boost the people in your town; they'll dub you wise and witty and you'll gain a wide renown.

HI, NEIGHBOR!

Men Who Make Alberta

THE POLICEMAN

Have you ever considered that the policeman you are grumbling about for having handed you a parking ticket may have, only a short time before, prevented a fatal accident involving your child . . . that the motorist, puffed when stopped for speeding or careless driving, may be only minutes away from killing or injuring you or one of your family? Have you ever stopped to think that as you sleep peacefully in your bed at night, an army of men in blue are on guard to prevent the lawless from having a field day of theft, assault or even murder, at your expense? Sometimes we are all apt to view the policeman as a disciplinarian put in our midst to annoy us personally, and forget that without the law and order that he maintains, our society would fast become chaotic.

With the increasing problems of modern society, through traffic hazards and the complexity of high speed living, the new police constable is required to meet ever increasing standards. His job requires understanding and tact, firmness of character and courage. Twenty-four hours a day he and his buddies stand on guard for our domestic security. He regulates the flow of traffic, prevents and reduces the number of fatal and crippling accidents, organizes and instructs school safety patrols, prevents crime, and, when crimes are committed, is faced with the task of apprehending the culprit often at the risk of endangering his own life.

In short, without the police constable, the orderly process of our every-day lives would be impossible.

Just For The Record . . .

'T would be a fine idea if the town fathers were to acquire some means of spraying the unsightly and very heavily weeded unoccupied lots within the town. For a practise round they could take a whirl at the town-owned property which lies west of our office; don't look good, t'ain't good, ain't gonna get any better until some sorta action is taken!

Just For The Record . . .

We've been given the information that some of the younger set are using the local ball diamond for a race track, with cars yet. Those behind the scenes, the men who have to keep the playing service in good shape, take a dim view of having to keep levelling off the ruts made in the ball park by unthinking vandals who, we think, should never be given control of a motor vehicle. Take a tip fellas, if you're caught at home plate, or any other base, behind the wheel of a car, you're out! That's for sure!

And A Friendly Nod . . .

To those interested people who took time out last Wednesday to attend the official opening of the new hospital wing. We don't believe anyone went on their way with a dissatisfied look.

Just For The Record . . .

Work has started on the highway that leads into town from the new No. 2 highway. A solid base will be completed this summer and next year comes the asphalt — it should happen so soon?

AND A Friendly Nod To

The gentleman who was working through his old files and came up with a 1924 copy of your famous fireside companion, "The Didsbury Pioneer!" Excerpts from this earlier issue will appear in our columns from time to time in the near future.

Just For The Record . . .

We've heard rumours from several visitors to our office that the Liberal government took a thumping at the polls on election day. Seems like we're going to have a new deal — ask any of those smiling faces you see on the main stem these days.

Just For The Record . . .

A friend is a guy who has the same enemies as you do!

Driver Licence Refunds For Departing Motorists

Since the five-year driver licence system came into effect in Alberta there has been some question of whether a refund would be allowed in the case of a licensee moving from the province.

The provincial highway traffic board has announced that a refund will be allowed if the motorist leaves the province before his or her licence expires.

The \$5 five-year licence, issued this year for the first time, is valid until the 1962 birthday of the holder.

By applying to the board, a five-year licensee moving out of the province can receive \$1 for each unexpired licence year up to a \$4 maximum. Should the licensee die, his estate could apply for a refund.

All the new driver licences are of the same type or form but include letters denoting classification of driver. All licences bear the basic classification "D" which permits the holder to drive a passenger car or in fact any vehicle up to 6,000 pounds gross weight.

Other letters denote various qualifications of the holder. The letter "C" is used for those driving farm vehicles. The "B" classification covers all vehicles except buses and taxis which are included in the "A" group requiring annual medical reports.

GOOD OLD DAYS . . .

"Yes, women's fashions have changed during the past years," said the clerk. "Do you remember the wasp waist?"

"Remember them? That's when I got stung."

MCP VERSUS 2.4-D: Many farmers these days are asking me the question on whether to use MCP or 2.4-D. In short I would recommend that for oats or flax you might be wise to use nothing but MCP. This year we are using MCP in the ester formulation.

It is slightly more potent on certain of the harder to kill weeds such as hemp nettle and smartweed. It also has the added advantage of adhering immediately thus eliminating in large measure the need for a few hours of time before rain showers might fall.

The rate of application may also be reduced a little because of the ester formation in comparison to the amine of MCP. Certain varieties of oats and barley seem more susceptible to damage than others. Laramie and rodney oats, as well as montcalm barley, should be treated with a little extra caution.

Now for 2.4-D, this old stand-by is still alright to use on wheat and most barley varieties. We favor the low-volatile type of 2.4-D's now available since the reduced danger from drifting vapor fumes is a decided advantage, especially if treating crops in the vicinity of gardens, hedges or legume crops.

Now is an ideal time to spray for weed control since the rainfall of the past week. Weeds that are in their early stages and are growing rapidly are much easier to kill than they will be as they approach maturity.

"THE BLACK DUCK"

A white hen was given a half
 dozen duck eggs. Whether fortun-
 ately or unfortunately, only one
 egg hatched. The duckling was
 black. The foster mother would
 have nothing to do with it. The
 duckling was then taken into the
 house and cared for by human
 hands. When small it knew only
 human company.

Since it was a duck they thought
 it would swim. They gave it water
 in a pan but it refused to go into
 the water. When they put it in
 the water it acted frightened and
 hurried out. When it grew to full
 size and they took it to the pond
 where the other ducks swam, it
 where the other ducks swam, it
 acted just the same. It did not
 like water. It had lost its duck-
 like characteristics.

It was still a duck, however.
 That it was hatched by a hen did
 not make it a chicken. That it
 was raised in a house did not make
 it a child. Though it followed the
 children it never learned to talk,
 sing or play. It was always just
 a duck.

This fact had nothing to do with
 the nest it was hatched in, nor the
 house it was fed in, nor the spaces
 it wandered over. It was a duck
 because it was born a duck. Nature
 decided that.

We may talk about blood and
 circumstances, heredity and envi-
 ronment, as if life was independent
 of them. What we need to under-
 stand is this, namely we are de-
 pendent upon both. There must
 be a family relationship and there
 must be an environment for the
 natural development of life's native
 and characteristic values.

It does make a difference where
 one is born, because birth and life
 can never be free from circum-
 stances. A cradle in the midst of
 poverty is vastly different from a
 cradle in the lap of luxury, but not
 necessarily better or worse. In
 each case the environment must be
 but it should be made to assist
 and not be permitted to distort
 nature nor to turn one from life's
 true meaning and high purpose.

Fine lawns, beautiful trees
 and pretty flowers are a blessing,
 but they are not the supreme sav-
 ings force in man's life. People in
 the finest homes with an abundance
 of show and means, often live on a
 lower level than animals. There is
 opposition to the best, in joy and
 evil surroundings, but surround-
 ings in themselves, no matter how
 low, can never be sufficiently dead-
 ly to destroy character, or to defeat
 success.

There are two vital forces that
 it is every person's privilege to en-
 joy. Namely, the power of God
 and the will of man. These scatter
 the darkness and fear that hangs
 over or surrounds environment or
 inherited tendency. These push
 the iron gates apart and reveal the
 shining possibilities of the moral
 and spiritual successes that man is
 here to win in Christ Jesus.

In this land no one can honestly
 say: "I have no chance." Every-
 one enjoys as great a chance as
 did any of those we now choose to
 honor. What we need most is to
 see what we have to do with, and
 a will to do our best with it. No
 person ever means to fail. Usually
 however the person who fails has
 just never actually set his will to
 succeed.

One needs to will more than
 that. He needs to will all his
 powers to Him, who is in all
 things supreme, whose will and
 purpose is success and victory.
 The hero of Waterloo said: "If all
 we do is to educate our children,
 all we will do is make clever devils
 of them." He realized, as every
 wise parent and leader does today,
 that we need something more
 vital than a formal education. That
 something must touch and heal
 every form of weakness in man-
 hood and womanhood, and that
 something can be nothing less than
 the spiritual presence and life-
 giving power of the Eternal and
 Everlasting Father.

"When time shall steal our
 years away,
 And steal our pleasures
 too,
 This presence of our God
 will stay
 And all our joys make new."

HOLDS REGULAR MEETING

Eleven members and four visitors
 met at the home of Mrs. Bernal
 Rinehart for the June meeting of
 Westcott Jr. W.I. Roll call was
 answered by naming an animal for
 food or clothing.

Mrs. Dubois gave a very interest-
 ing report of the provincial W.I.
 convention held recently in Edmon-
 ton. An interesting topic was given
 by Mrs. Bill Bogner on the
 thermal electric plant at Wabaman,
 owned and operated by Calgary

 Mrs. Ted Topping read a very
 amusing recipe for Yorkshire goose
 pie as the bit of fun.

Notes From D.A.

By Howard J. Fisher

A forage crop field day will be
 held at the Olds School of Agri-
 culture on Thursday, June 27th.
 This day will consist of a tour with
 talks on the forage plots at the
 school and demonstration of silage
 making.

With the increased acreage of
 grass and legume crops there has
 been new machinery and techniques
 devised, both in growing and har-
 vesting operations.

There are many kinds of legumes
 and grasses grown and within each
 kind numerous varieties. Some of
 these are more adapted to pasture,
 some to hay, others lend them-
 selves to silage. In many cases
 combinations of two or more le-
 gume and grasses give the most
 satisfactory results.

These forage crops are valuable
 in that they provide excellent fod-
 der for livestock as pasture, hay or
 silage. In addition to this they
 maintain the fertility and fibre of
 the soils, thusly being a No. 1 item
 in land conservation.

In the field of ensilage there are
 many problems, but it is known
 that good silage is an excellent
 silageable feed for livestock. At
 this field day a demonstration will
 be given showing the cutting and
 gathering of the standing crop by
 different types of machines. Those
 at the field day will hear talks and
 be able to observe these various
 harvesting methods. The operation
 will be completed with a demon-
 stration of the actual fill and pack-
 ing of the forage crop in a silo.

Explanations will be given as to
 the various steps in the making of
 silage and the common mistakes
 will be pointed out. This day is
 planned so those attending will
 have full opportunity to ask ques-
 tions and discuss any particular
 problem they have. It should be
 very interesting and informative,
 demonstrating successfully harvest-
 ing of good quality fodder supply.

This field day, commencing at
 10:30 a.m. on June 27th, is spon-
 sored jointly by the Olds School
 of Agriculture, Provincial Depart-
 ment of Agriculture and Veterans'
 Land Act.

This coming Friday Mrs. Taylor and the children will be leaving for Acadia Valley, where Mr. Taylor is holding a series of meetings. From there they will leave for Winona Lake, Indiana, where Mr. Taylor will take a month's course in theological study. The Winona Lake School of Theology is internationally known, and some of the best teachers of America supervise the courses offered each summer. Students take a quarter year of university work in one month under the present set-up. The Taylors will return to campus the end of July.

This Wednesday and Thursday, Mrs. Suder will be chairman of the conference convention of the Women's Missionary Society of the United Missionary Church. This is being held in the Mountain View Church, some seven miles west of Didsbury.

Miss Lois Suder was a home visitor on the campus over the weekend. She will be finishing her work in business college this month.

On Monday evening the church held a farewell party for Rev. and Mrs. Shantz and their family in the college. A gift of a set of dishes was given them as they leave to take up their work in the Montgomery United Missionary Church.

After the annual camp meeting, Rev. William Annett, now of Winfield, B.C., will take up pastoral duties in Didsbury United Missionary Church. Mr. Annett is a graduate of the college here; his wife is also an M.V.B.C. graduate. Later he attended Seattle Pacific College and graduated from there with his Bachelor of Arts degree. He also taught in the college for several years after his graduation and is not unknown in the community. They have a family of three children.

On Saturday evening Miss Eby entertained a group of campus people in her home so that Sherrill could have a warmer party too. You see, she is missing the school party because she leaves the end of the week. This was to take its place but because of the rain it was held in the house and the weiners were just boiled instead. Those present were the Taylor family, Mrs. Suder and Lois, the Arthur Eby family and the Penner family, who at present are waiting to go to Europe as missionaries.

Friends of Calgary gave the college a number of baskets of flower plants for the school. They are being planted in the flower beds and will make a fine display this summer. We appreciate this kind consideration of these Calgary friends each year.

The Youth Fellowship of the church had a farewell party for Dorothy Rhodes last Thursday evening on the campus. Miss Praylis Traub, the president, had games prepared for outdoors, and after the entertainment the group enjoyed hamburgers in the school basement. Miss Rhodes was presented with a gift of lovely towels. She was one of the nurses in the local hospital and will be missed.

(From Our Own Correspondent)

St. George's W.A. met at Mrs. John Morgan's, last Wednesday, June 24th. Main topic of business was a bake sale to be held in Olds in the near future. Next meeting will be held at the home of Mrs. Tony Spooner.

Sympathy is extended to the Johnson families on the death of Mr. Ed Johnson, of Walton, Liverpool, Eng. Mr. Johnson, uncle of Bert and Arthur, was a visitor here for several months.

We are pleased to see Mrs. Holger Christensen around again after a very severe bout of measles.

Tony Spooner is at present working at Millet.

Wilbur Jahnke and Joe Carlson are working at Sylvan Lake.

Mrs. Howard Moore was hostess at a tea on Saturday evening, when Mrs. Beauchamp of Olds gave an Avon demonstration.

NEW HOME ECONOMIST FOR THIS AREA

Miss Helen Howard has been appointed as home economist for the area that includes the municipalities of Mountain View and Kneehill.

Her office will be located in the provincial building at Olds.

She will commence her duties this month in the above-mentioned areas.

LIGHT YOUR WAY WITH BIBLE STUDY

"Which God do you believe in?" Sounds queer, doesn't it? But it's not nearly as queer as it may sound. The fact of the matter is, millions of people don't know which God they believe in; and what is worse, they don't think it makes much difference.

But the Bible says it does make a difference. "Thou shalt have no other gods before Me." And it was no "supreme being", no abstract "providence", who spoke these words. It was the God of Scripture, the Triune God: Father, Son and Holy Ghost. To have any other god is to be an idolator.

The God of the Bible is the Holy Trinity: three distinct persons in one divine essence: the Father who made us; the Son who saved us; and the Holy Spirit who converts and sanctifies the human heart.

Of this God, Scripture states: "All men should honor the Son even as they honor the Father. He that honoreth not the Son, honoreth not the Father which hath sent Him." And again it states: "Whosoever denieth the Son, the same hath not the Father." Not to believe in Christ is not to believe in God. To reject Christ is to reject the Father.

You see, it does make a great deal of difference which God you believe in. The God who saves, who has revealed Himself in Scripture — or some figment of the mind which is unable to save. Yes, which God do you believe in?

ELECTORS OF RED DEER CONSTITUENCY

I WISH TO EXPRESS MY SINCERE THANKS
to the many good people of the Red Deer
Constituency who worked so hard for me
in the recent campaign.

EVEN THOUGH I WAS NOT ELECTED,
I will always remember those who as-
sisted in a variety of ways and who cast
their vote for me on election day.

I LOOK FORWARD to your continuing

The Community Club held its
picnic last Friday and all report
having had a good time.
Despite the bad weather and
muddy roads a farewell party was
held last Friday evening at the
school house with a very good
crowd in attendance. The Bode
family are leaving the farm and
Mr. Bode will be otherwise em-
ployed.

Word was received here last
weekend by Mr. and Mrs. Herbert
Goetjen that their grandson, little
Ricky Johnson, son of Mr. and
Mrs. Lyle Johnson of Veteran, fell
against a stove, burning his hands
badly.

MT. VIEW JOLLY JUNIORS HOLD REGULAR MEETING

Regular meeting of Mountain
View Jolly Juniors was held at the
home of Anna and Florence Mc-
Caig. The meeting opened with a
song and the creed and the secre-
tary read her report. Roll call
was answered by showing a pic-
ture of "my favorite pet or animal."
There were 13 members and one
visitor present.

The group decided to send \$2.00
to Marjory Golinaki. The super-
visor asked for the name of the
girl who sold the most tickets, as
she intended to buy her a box of
chocolates. Frances Kohut came
out on top in this department.

Mrs. Shultz was thanked for
showing the group how to make
paper flowers and a dress for
"dress me dolls." Under new
business it was agreed that a gift
be sent to Kathy Gooding.
The 10-cent draw was won by
Carol Pratt and "bit of fun" win-
ners were Roxy and Marlene Saut-
ter.
